THOUSANDS KILLED ON THE YALU RIVER

PASSAGE OF THE STREAM SAID TO HAVE BEEN COSTLY TO JAPANESE ARMY.

FOUR THOUSAND MEN SLAIN

GENERAL KUROPATKIN SO ESTIMATES THE DEATH LIST OF KUROKI'S FORCES.

RUSSIAN LOSS NOT STATED

BUT EIGHT HUNDRED WOUNDED SOLDIERS HAVE REACHED FENGHUANCHENG.

St. Petersburg, May 4.—The emperor has received a telegram under Tuesday's date from General Kuropatkin, giving General Zassalitch's report, dated Tuesday, on the fight of May 1, which says that the battle was fought under the following circumstances:

"The Twelfth and Twenty-second regiments and the Second and Third batteries of the Sixth brigade of artillery were engaged in the battle, which began with heavy cannonading of our right flank by siege guns at Wiju and field batteries in the distance.

"After a lull the fighting was resumed with extraordinary violence against the left flank of our main position at Potietinsky. A fusillade was also begun by small parties of Japanese across the Ai river.

"The situation of the defenders' position became increasingly difficult, especially at Potietinsky, which was bombarded on the front and on both flanks.

"Thirty Japanese guns were pitted against our battery at Potietinsky, which, after having silenced the enemy's mountain battery, directed its fire on the Japanese infantry and sustained few losses so long as it was not obliged to take up another position, owing to the withdrawal of our infantry from the bank.

"The Japanese under our fire made continual attacks with fresh troops but without having recourse to the bayonet.

Heaps of Dead Japanese.

"Japanese bodies lay in heaps at the river fords.

"Simultaneously with the attack at Potietinsky an attack was being made on our left flank at Turenchen and the Russian trenches had to be abandoned under the Japanese enfilading fire. Our reserves several times mingled with the first line, thus enabling it for a long time to maintain its position.

"Finally all of the supports were brought into the firing line, but owing to the great distance from our main reserve it was impossible for them to reach the advanced force in time and our men retired from the principal position to another position in the rear of Turenchen, followed by the concentrated fire of the Japanese, who could not make up their minds to descend from the crest they occupied and face the fire of our batteries at Potietinsky. They dug fresh trenches and opened a heavy artillery fire on our new position and began to turn our left flank toward Chingow.

"Two battalions of the Eleventh regiment and the Third battery of the Third brigade of artillery belonging to the main reserve were ordered to Laofunhou. They occupied a position with a double firing line, thus permitting our advanced line, which had suffered heavily, and our wounded to retire.

"A battalion of the Eleventh regiment, both flanks of which were repeatedly turned by the enemy, advanced with fixed bayonets, preceded by buglers to clear a passage. The Japanese, however, declined a hand to hand conflict and recoiled.

"In front of the regiment a chaplain bearing a cross was struck by two bullets.

"It was only by advancing on the Japanese with the bayonet that the Eleventh regiment was able to retire.

"On the arrival of a battalion of the Tenth regiment the troops were able to beat a retreat.

Russians Lost Heavily.

"The losses of the Eleventh and Twelfth regiments were very great, but they are not yet exactly known. In the Eleventh, the killed included Colonel Laming and Lieutenant Colonel Dometti and Ralevski. The Twelfth lost nine company commanders killed or wounded.

"The Second and Third batteries of the Sixth brigade, having lost the greater number of their men and horses, were compelled to abandon their guns after rendering them useless. For the same reason six guns of the Third battery of the Third brigade of artillery and eight Pomiettes, which could not be brought away, were also disabled. The mountainous nature of the country made it impossible to save the guns by means of drag ropes."

General Kuropatkin then says:

"To the present 800 wounded, including fourteen officers, have been brought to the hospital at Fenghuancheng. Their eventual transportation elsewhere is assured."

"Japanese cavalry appeared to the southeast of Fenghuancheng, but seeing two companies with two guns opposite to it, it did not venture to approach."

"The transportation of the wounded by hired Chinese bearers to Fenghuancheng was very difficult. Two wheeled carts and horses lent by the cavalry were also utilized for this purpose. Most of the wounded, however, arrived on foot, assisted by their comrades and reached Fenghuancheng within twenty-four hours.

"Lieutenant General Zassalitch declares that the troops retained their morale, notwithstanding their heavy losses, and are ready for fresh engagements."

"The Japanese losses were very heavy at the passage of the Ai river, at their position at Turenchen and on the hill occupied by the two battalions of the Eleventh regiment.

"According to the statements of participants in the battle at least 3,000 to 4,000 were killed."

FELL INTO AN AMBUSH.

Japs Trapped Zassalitch by Intercepting a Telegram.

London, May 4.—A special dispatch from St. Petersburg asserts that General Zassalitch fell into an ambushade owing to the Japanese intercepting a telegram from General Kuropatkin.

Seoul advises say the Japs captured 48 guns, 30 officers and over 500 men on the Yalu.

Kuropatkin is recalling troops from around Gonsan and the Russians are said to be ready to quit Dalny.

The Japanese fleet is off Port Arthur.

WAR ON IN EARNEST

RUSSIANS REALIZE THAT THE CONFLICT HAS ENTERED A SERIOUS STAGE.

St. Petersburg, May 4.—St. Petersburg is electrified by the sensational news of fighting on land and sea.

From General Kuropatkin conveying General Zassalitch's report came graphic details of the battle of Turenchen, as the combat on the banks of the Yalu is officially designated, which show the savage character of the fighting displayed by the Russians in their effort to hold a position commanded by the Japanese, and their orderly retreat to Fenghuancheng, where they are now entrenched, conducting en route a brilliant rear guard engagement, in which they inflicted heavy loss on the enemy.

Viceroy Alexieff's command of Port Arthur has been signalized by the repulse of another desperate attempt by the Japanese to close the entrance to the harbor.

Adding to this quota of the war news the official report of the appearance of a number of Japanese ships off Kaiping, and Sinichuen, on the west coast of the Liaotung peninsula, below Newchwang, foreboding the disembarkation of Japanese troops with the intention of cutting off Port Arthur, this war may now be said to have begun in deadly earnest.

Dwarfed by Yalu River Fight.

Important as was Alexieff's achievement, in spite of the magnitude of the attempt of the Japanese, who this time sent in ten fresh ships to block the Port Arthur entrance, it is dwarfed by the details of the fighting on the Yalu, showing the severe losses suffered by the Russians' who have removed 800 wounded alone to Fenghuancheng, while it is estimated that the Japanese loss is between 3,000 and 4,000.

If this statement of the Japanese loss is correct, the Russian authorities say that General Zassalitch must be given credit for carrying out that part of his orders to make the crossing of the Yalu as costly as possible to the enemy.

Zassalitch's report indicates that the Japanese began the battle by shelling the right flank and attracting attention to that point, and then a flanking movement to the left began in force. Unfortunately Zassalitch had only 10,000 men, of whom 2,000 were unable to participate. In the fighting, as they were occupying Antung, and General Kuropatkin, appreciating the inability of his opponent to bring up reserves, threw his weighty force up on the points selected for attack.

The Japanese had from 35,000 to 40,000 men, besides the greater quantity of guns, many of them being of heavier caliber than those of the Russians. Thus outnumbering the Russians actually engaged more than five to one, the Japanese succeeded in

Flanking Two Russian Battalions

on both sides and enveloping them on the rear. The latter, with musk playing a martial air and with fixed bayonets, a priest holding aloft a cross, charged and the Japanese opened before them, after which they succeeded in reaching the supports.

It was one of the most gallant actions of a bloody day.

Because of the weakness of the Russians, they were unable to hold their positions. Enfladed by the enemy's fire, men and horses began to fall, a few mounts only surviving. Three batteries lost their guns.

No such determined stand as that made by troops was intended by General Kuropatkin, but their tenacity in holding their positions, it is said, is worthy of the highest traditions of the Russian army.

It is a cause of satisfaction to the authorities that in spite of the severe Russian loss General Zassalitch had sufficient strength to sharply bite the pursuing enemy, who lost 200 in this movement alone.

General Zassalitch's retirement is especially noteworthy because it was encumbered by such a large number of wounded. Had the Japanese been able to bring up the entire cavalry strength of their army the day might have been a far blacker one for Zassalitch.

Major General Kashtalinsky is alive and General Zassalitch was not wounded, but the colonels, lieutenant colonels and a majority of the company commanders of the Eleventh, Twelfth and Twenty-second regiments were either killed or wounded.

All the Democratic assembly candidates but one are probably elected and nine out of the eleven aldermen are Democrats. The result was practically a Democratic landslide.

AGAINST AN IOWA OFFICIAL.

O'Brien County Grand Jury Returns Four Indictments.

Sheldon, Ia., May 4.—The O'Brien county grand jury has voted four indictments against Edward C. Brown, of the Iowa railroad commission and president of the failed Sheldon State bank. The indictments charge irregularities in the bank's affairs, one count charging embezzlement of \$72,690. This count charges the bank loaned this amount to J. W. Fix & Co., of which firm Earl Brown, cashier of the bank, was a member. The other counts deal with sums ranging from \$4,000 to \$6,000. The bank originally had a capital of \$100,000, which was reduced one-half in 1892. It is charged the new organization carried \$78,000 of worthless paper, making it insolvent from its inception.

FALL OF NEWCHWANG

JAPS REPORTED TO HAVE CAPTURED CITY AND PUT RUSSIANS TO FLIGHT.

NOT OFFICIALLY CONFIRMED

NOT UNLIKELY, HOWEVER, THAT THE JAPANESE MAY SOON MAKE AN ATTACK.

Shanghai, May 4.—The Japanese are reported to have occupied Newchwang.

London, May 4.—The Chefoo correspondent of the Daily Chronicle cables the following under Tuesday's date:

"The Japanese landed troops and attacked and captured Newchwang last evening, the Russians falling back to protect the railway."

St. Petersburg, May 4.—Lieutenant General Sakharoff, in a dispatch dated May 2, to the general staff, says:

"On May 1, two vessels, apparently torpedo boats, approached to within a distance of about six kilometers from the coast to the west of Sinichuen, west of Haichu. At first two steamers were observed cruising near the coast until 3 p. m. Then a squadron of ten vessels was sighted steaming toward the northwest.

"No ships were sighted in the neighborhood of Yinkow."

JAPANESE REPELLED

RUSSIANS FOIL ANOTHER ATTEMPT TO BLOCK PORT ARTHUR HARBOR.

St. Petersburg, May 4.—High Admiral Grand Duke Alexis has received the following official telegram from Viceroy Alexieff, dated May 3, reporting the Japanese attempt to block Port Arthur early Tuesday morning:

"I respectfully report to your highness that a fresh attack was made by the enemy last night with the object of obstructing the entrance to the port, and that it was successfully repelled.

"At 1 o'clock this morning five torpedo boats were perceived near the coast from the Eastern batteries. Under the fire of our warships and the batteries they retreated southward.

Eight Ships Sunk by Russians.

"Altogether eight ships were sunk by our vigorous cannonade, by whitehead torpedoes launched from our torpedo boats and by the explosion of several submarine mines. Further, according to the reports of the officers commanding the batteries, and the gunboat Giliak, two Japanese torpedo boats were destroyed.

"After 4 o'clock a. m. the batteries and warships ceased fire, subsequently firing only at intervals on the enemy's torpedo boats, which were visible on the horizon.

"All the freshships carried quick-firing guns with which they maintained a constant fire.

"Up to the present thirty men, including two mortally wounded officers who took refuge on a launch, or were rescued from the freshships by us, have been picked up. The inspection of the roadstead and the work of saving the enemy's men was hindered by the heavy sea running. We suffered no casualties with the exception of a seaman belonging to the torpedo boat destroyer Boeovol.

"On the appearance of the first freshship accompanied by the enemy's torpedo boats, I boarded a launch and proceeded to the Otvashni to take immediate measures for repulsing the freshships. As we were General Zaslinski and Captain Eberhardt of the naval general staff. General Stoessel was on the fortifications at the same time, and General Loschinsky, chief of the defense force of the forts, was on board the Giliak."

GRAND SACRED CONCERT.

Opens Thirty-first General Conference of Methodist Church.

Los Angeles, Cal., May 4.—The thirty-first general conference of the Methodist church was opened last night at Hazard's pavilion with a grand sacred concert rendered by a large orchestra and choir of 300 voices. Delegations to the conference arrived throughout the day. Sixteen special trains contained their quota.

Brother and Sister Drowned.

Winnipeg, Man., May 4.—Toby Lesperance, aged seventeen, and his sister, aged eighteen, were capsized from a boat into the La Salle river at Starbuck, Man., and drowned.

DEMOCRATS OF IOWA.

Expected to Instruct Delegates for W. R. Hearst.

Des Moines, Ia., May 4.—The indications are that the Iowa Democrats will send a delegation to the St. Louis convention instructed for W. R. Hearst for president. The opponents of Mr. Hearst played their last card Tuesday and lost, and unless the unexpected happens the followers of Hearst will control the state convention.

Chairman Jackson of the state central committee, who had been counted with the opposition, came out Tuesday for Hearst, voted with other members of the Hearst committee, and defeated a plan of the "antis" to determine the regular delegation in the state central committee instead of in the credentials committee of the convention. The anti-Hearst leaders believe they had a majority in the convention, and hoped to send their delegates from several contested counties in this quarter. The fight over the contested delegations will be decided in the convention, and even many of Hearst's opponents admit that he is strong enough in numbers to win.

Chairman Jackson voted to give Charles Walsh, secretary of the national committee, a seat and vote in the state committee. Mr. Walsh has been one of the Hearst managers from the start.

Although it is predicted by many that there will be a bolting of the anti-Hearst men if they find themselves unable to stop the Hearst boom, the party leaders say that this is improbable.

REPUBLICANS OF KENTUCKY.

Send Delegates to Chicago Instructed for Roosevelt.

Louisville, Ky., May 4.—The threatened contest between former Governor W. O. Bradley and Commissioner of Internal Revenue John W. Yerkes for the control of the Republican state convention and the state central committee failed to materialize at the convention Tuesday. In two speeches which won him ovations Mr. Bradley declared for harmony. He moved that the rules and order of business be suspended before the report of the committee on credentials should be announced and that Mr. Yerkes, the temporary chairman, be unanimously declared permanent chairman. The same motion applied to the retention of Samuel J. Roberts and Young E. Allison as permanent secretaries. The motion was carried unanimously.

The platform adopted endorses the administration of President Roosevelt and the delegates were instructed for him.

FIRE INSURANCE RATES.

Those in Western Cities Will Soon Be Increased.

Chicago, May 4.—It has been practically settled by the committee of the Union Fire Insurance association to advance premiums in the West at least 20 per cent within a month.

This organization of underwriters has decided that in view of the losses caused by the Baltimore, Rochester and Toronto fires, rates in the "conflagration districts" of large cities are too low and has determined upon the advance. By June 1 it is believed that the insurance rates in Chicago, Milwaukee, Des Moines, Omaha, St. Louis, St. Paul, Minneapolis, Kansas City and other large cities in the West will be increased.

DECLINED BY CANNON

SPEAKER OF THE HOUSE DOES NOT WANT VICE PRESIDENTIAL NOMINATION.

Washington, May 4.—"Even at the risk of being accused of declining that which I could not get if I desired it, I answer most unequivocally that if the nomination were tendered to me, I would not accept it under any circumstances whatever."

Thus strongly did Speaker Cannon in an authorized interview with a Post reporter Tuesday emphasize his determination with reference to the vice presidency. As he concluded the speaker added:

"If there is any language which can be more decisive write it in."

"What are your reasons for such a statement?" he was asked, and he replied:

"I have been for almost thirty years a member of the house of representatives. I have been nominated by the Republicans of the congressional district in which I reside and have accepted the nomination. I have every reason to hope I shall be re-elected."

"If the Republicans have a majority in the next house," he added, "I shall be a candidate to succeed myself as speaker. If the Republicans do not have a majority I will take my place on the floor. In my judgment I can give better satisfaction as a member than anywhere else."

Record Not Recognized.

Chicago, May 4.—The board of appeals of the American Trotting association at a meeting here Tuesday refused to recognize the record of 1:59 1/4 claimed to have been made by Cresceus on the grounds of the Wichita Fair association at Wichita last fall.

SERIOUS STAGE.

St. Petersburg, May 4.—St. Petersburg is electrified by the sensational news of fighting on land and sea.

From General Kuropatkin conveying General Zassalitch's report came graphic details of the battle of Turenchen, as the combat on the banks of the Yalu is officially designated, which show the savage character of the fighting displayed by the Russians in their effort to hold a position commanded by the Japanese, and their orderly retreat to Fenghuancheng, where they are now entrenched, conducting en route a brilliant rear guard engagement, in which they inflicted heavy loss on the enemy.

Viceroy Alexieff's command of Port Arthur has been signalized by the repulse of another desperate attempt by the Japanese to close the entrance to the harbor.

Dwarfed by Yalu River Fight.

Important as was Alexieff's achievement, in spite of the magnitude of the attempt of the Japanese, who this time sent in ten fresh ships to block the Port Arthur entrance, it is dwarfed by the details of the fighting on the Yalu, showing the severe losses suffered by the Russians' who have removed 800 wounded alone to Fenghuancheng, while it is estimated that the Japanese loss is between 3,000 and 4,000.

If this statement of the Japanese loss is correct, the Russian authorities say that General Zassalitch must be given credit for carrying out that part of his orders to make the crossing of the Yalu as costly as possible to the enemy.

Zassalitch's report indicates that the Japanese began the battle by shelling the right flank and attracting attention to that point, and then a flanking movement to the left began in force. Unfortunately Zassalitch had only 10,000 men, of whom 2,000 were unable to participate in the fighting, as they were occupying Antung, and General Kuropatkin, appreciating the inability of his opponent to bring up reserves, threw his weighty force up on the points selected for attack.

The Japanese had from 35,000 to 40,000 men, besides the greater quantity of guns, many of them being of heavier caliber than those of the Russians. Thus outnumbering the Russians actually engaged more than five to one, the Japanese succeeded in flanking Two Russian Battalions

on both sides and enveloping them on the rear. The latter, with music playing a martial air and with fixed bayonets, a priest holding aloft a cross, charged and the Japanese opened before them, after which they succeeded in reaching the supports.

It was one of the most gallant actions of a bloody day. Because of the weakness of the Russians, they were unable to hold their positions. Enflamed by the enemy's fire, men and horses began to fall, a few mounts only surviving. Three batteries lost their guns.

No such determined stand as that made by troops was intended by General Kuropatkin, but their tenacity in holding their positions, it is said, is worthy of the highest traditions of the Russian army.

It is a cause of satisfaction to the authorities that in spite of the severe Russian loss General Zassalitch had sufficient strength to sharply bite the pursuing enemy, who lost 300 in this movement alone.

General Zassalitch's retirement is especially noteworthy because it was encumbered by such a large number of wounded. Had the Japanese been able to bring up the entire cavalry strength of their army the day might have been a far blacker one for Zassalitch.

Major General Kashtalinsky is alive and General Zassalitch was not wounded, but the colonels, lieutenant colonels and a majority of the company commanders of the Eleventh, Twelfth and Twenty-second regiments were either killed or wounded.

SMITH AGAIN ELECTED.

Leads Democrats to Victory in St. Paul Election.

St. Paul, May 4.—Mayor Robert A. Smith, Dem., was re-elected here Tuesday by a majority estimated at from 3,000 to 4,000 over F. P. Wright, Rep. Otto Bremer was re-elected treasurer and Louis Betz was again chosen comptroller. Both are Democrats. All the Democratic assembly candidates but one are probably elected and nine out of the eleven aldermen are Democrats. The result was practically a Democratic landslide.

AGAINST AN IOWA OFFICIAL.

O'Brien County Grand Jury Returns Four Indictments.

Sheldon, Ia., May 4.—The O'Brien county grand jury has voted four indictments against Edward C. Brown, of the Iowa railroad commission and president of the failed Sheldon State bank. The indictments charge irregularities in the bank's affairs, one count charging embezzlement of \$72,000. This count charges the bank loaned this amount to J. W. Fix & Co., of which firm Earl Brown, cashier of the bank, was a member. The other counts deal with sums ranging from \$4,000 to \$6,000. The bank originally had a capital of \$100,000, which was reduced one-half in 1892. It is charged the new organization carried \$78,000 of worthless paper, making it insolvent from its inception.

FALL OF NEWCHWANG

JAPS REPORTED TO HAVE CAPTURED CITY AND PUT RUSSIANS TO FLIGHT.

NOT OFFICIALLY CONFIRMED

NOT UNLIKELY, HOWEVER, THAT THE JAPANESE MAY SOON MAKE AN ATTACK.

Shanghai, May 4.—The Japanese are reported to have occupied Newchwang.

London, May 4.—The Chefoo correspondent of the Daily Chronicle cables the following under Tuesday's date:

"The Japanese landed troops and attacked and captured Newchwang last evening, the Russians falling back to protect the railway."

St. Petersburg, May 4.—Lieutenant General Sakharoff, in a dispatch dated May 2, to the general staff, says:

"On May 1, two vessels, apparently torpedo boats, approached to within a distance of about six kilometers from the coast to the west of Siniuchen, west of Hailu. At first two steamers were observed cruising near the coast until 3 p. m. Then a squadron of ten vessels was sighted steaming toward the northwest.

"No ships were sighted in the neighborhood of Yinkow."

JAPANESE REPELLED

RUSSIANS FOIL ANOTHER ATTEMPT TO BLOCK PORT ARTHUR HARBOR.

St. Petersburg, May 4.—High Admiral Grand Duke Alexis has received the following official telegram from Viceroy Alexieff, dated May 3, reporting the Japanese attempt to block Port Arthur early Tuesday morning:

"I respectfully report to your highness that a fresh attack was made by the enemy last night with the object of obstructing the entrance to the port, and that it was successfully repelled.

"At 1 o'clock this morning five torpedo boats were perceived near the coast from the Eastern batteries. Under the fire of our warships and the batteries they retreated southward.

"At 1:45 o'clock the first fire ship, escorted by several torpedo boats, was sighted and we opened fire upon it from the batteries and the warships. Three-quarters of an hour afterwards our searchlights revealed a number of fresh ships making for the entrance to the harbor from the east and south-west. The coast defense vessels Otavashni and Gremieshechi and the gunboat Giliak repulsed them by a well directed fire.

Eight Ships Sunk by Russians.

"Altogether eight ships were sunk by our vigorous cannonade, by white-head torpedoes launched from our torpedo boats and by the explosion of several submarine mines. Further, according to the reports of the officers commanding the batteries, and the gunboat Giliak, two Japanese torpedo boats were destroyed.

"After 4 o'clock a. m. the batteries and warships ceased fire, subsequently firing only at intervals on the enemy's torpedo boats, which were visible on the horizon.

"All the fresh ships carried quick-firing guns with which they maintained a constant fire.

"Up to the present thirty men, including two mortally wounded officers who took refuge on a launch, or were rescued from the fresh ships by us, have been picked up. The inspection of the roadstead and the work of saving the enemy's men was hindered by the heavy sea running. We suffered no casualties with the exception of a seaman belonging to the torpedo boat destroyer Boeovl.

"On the appearance of the first fresh ship accompanied by the enemy's torpedo boats, I boarded a launch and proceeded to the Otavashni to take immediate measures for repulsing the fresh ships. With me were General Zablinski and Captain Eberhardt of the naval general staff. General Stoessel was on the fortifications at the same time, and General Loschinsky, chief of the defense force of the forts, was on board the Giliak."

GRAND SACRED CONCERT.

Opens Thirty-first General Conference of Methodist Church.

Los Angeles, Cal., May 4.—The thirty-first general conference of the Methodist church was opened last night at Hazard's pavilion with a grand sacred concert rendered by a large orchestra and choir of 300 voices. Delegations to the conference arrived throughout the day. Sixteen special trains contained their quota.

Brother and Sister Drowned.

Winnipeg, Man., May 4.—Toby Leppaurence, aged seventeen, and his sister, aged eighteen, were capsized from a boat into the La Salle river at Starbuck, Man., and drowned.

DEMOCRATS OF IOWA.

Expected to Instruct Delegates for W. R. Hearst.

Des Moines, Ia., May 4.—The indications are that the Iowa Democrats will send a delegation to the St. Louis convention instructed for W. R. Hearst for president. The opponents of Mr. Hearst played their last card Tuesday and lost, and unless the unexpected happens the followers of Hearst will control the state convention.

Chairman Jackson of the state central committee, who had been counted with the opposition, came out Tuesday for Hearst, voted with other members of the Hearst committee, and defeated a plan of the "ants" to determine the regular delegation in the state central committee instead of in the credentials committee of the convention. The anti-Hearst leaders believe they had a majority in the convention, and hoped to seat their delegates from several contested counties in this quarter. The fight over the contested delegations will be decided in the convention, and even many of Hearst's opponents admit that he is strong enough in numbers to win.

Chairman Jackson voted to give Charles Walsh, secretary of the national committee, a seat and vote in the state committee. Mr. Walsh has been one of the Hearst managers from the start.

Although it is predicted by many that there will be a bolting of the anti-Hearst men if they find themselves unable to stop the Hearst boom, the party leaders say that this is improbable.

REPUBLICANS OF KENTUCKY.

Send Delegates to Chicago Instructed for Roosevelt.

Louisville, Ky., May 4.—The threatened contest between former Governor W. O. Bradley and Commissioner of Internal Revenue John W. Yerkes for the control of the Republican state convention and the state central committee failed to materialize at the convention Tuesday. In two speeches which won him ovations Mr. Bradley declared for harmony. He moved that the rules and order of business be suspended before the report of the committee on credentials should be announced and that Mr. Yerkes, the temporary chairman, be unanimously declared permanent chairman. The same motion applied to the retention of Samuel J. Roberts and Young E. Allison as permanent secretaries. The motion was carried unanimously.

The platform adopted endorses the administration of President Roosevelt and the delegates were instructed for him.

FIRE INSURANCE RATES.

Those in Western Cities Will Soon Be Increased.

Chicago, May 4.—It has been practically settled by the committee of the Union Fire Insurance association to advance premiums in the West at least 20 per cent within a month.

This organization of underwriters has decided that in view of the losses caused by the Baltimore, Rochester and Toronto fires, rates in the "conflagration districts" of large cities are too low and has determined upon the advance. By June 1 it is believed that the insurance rates in Chicago, Milwaukee, Des Moines, Omaha, St. Louis, St. Paul, Minneapolis, Kansas City and other large cities in the West will be increased.

DECLINED BY CANNON

SPEAKER OF THE HOUSE DOES NOT WANT VICE PRESIDENTIAL NOMINATION.

Washington, May 4.—"Even at the risk of being accused of declining that which I could not get if I desired it, I answer most unequivocally that if the nomination were tendered to me, I would not accept it under any circumstances whatever."

Thus strongly did Speaker Cannon in an authorized interview with a Post reporter Tuesday emphasize his determination with reference to the vice presidency. As he concluded the speaker added:

"If there is any language which can be more decisive write it in."

"What are your reasons for such a statement?" he was asked, and he replied:

"I have been for almost thirty years a member of the house of representatives. I have been nominated by the Republicans of the congressional district in which I reside and have accepted the nomination. I have every reason to hope I shall be re-elected."

"If the Republicans have a majority in the next house," he added, "I shall be a candidate to succeed myself as speaker. If the Republicans do not have a majority I will take my place on the floor. In my judgment I can give better satisfaction as a member than anywhere else."

Dutch Defeat Atchinese.

Amsterdam, May 4.—A dispatch to the Handelsblad from Batavia, Java, says that a Dutch column captured the Atchinese position at Jantoe after a desperate fight in which 190 Atchinese were killed. The Dutch lost 7 men killed and 5 officers and 28 men wounded.

Record Not Recognized.

Chicago, May 4.—The board of appeals of the American Trotting association at a meeting here Tuesday refused to recognize the record of 1:59½ claimed to have been made by Crescus on the grounds of the Wichita Fair association at Wichita last fall.

A Protest.

EDITORS DISPATCH:
I write these lines not from choice but from necessity. Silence is said to mean consent. After reading Rev. Mr. Knowles' views of the Sabbath I am unwilling that my silence shall be construed to mean acquiescence. He advocates the continental Sunday, the Sunday according to Mr. Knowles—very far from being the Sabbath according to the Bible.

"Remember the Sabbath day to keep it holy" is the unchanging obligation for black and white, old and young professional or amateur.

All lovers of the Christian Sabbath must be grieved to hear such sentiments as these expressed from a pulpit as Christian teaching.

One who loves the Sabbath of God and hates the continental Sunday of man.

THE ATLAS MILLS CHANGE OWNERSHIP

George Dielmann, of This City and Jos. Craig, of Princeton, Sell Their Interest

TO ST. PAUL GENTLEMAN

Mill will be Operated as of Yore But with Increased Capital Behind It

The Atlas Mills, of this city, changed ownership today. The deal has been pending for sometime but it was not consummated until this morning. Geo. Dielmann of this city and Joseph Craig, of Princeton, have sold their interest to a gentleman by the name of D. Oliver, of St. Paul. Mr. Oliver is a man of wealth and is a practical miller and will come to Brainerd to live with his family. The consideration is said to have been \$15,000.

To a DISPATCH reporter Mr. Dielmann said this afternoon: "The mills are in good hands as Mr. Oliver is a thorough miller of 30 years experience and he will keep up the good reputation that the flour has attained here. We feel very grateful to the merchants of the city and the people of Brainerd for the support they have given us in helping to introduce our flour and I am sure that Mr. Oliver will deserve and appreciate a continuance of this good will."

As soon as the affairs of the old management are closed up Mr. Dielmann, who has had charge of the mills since they opened, will return to his old home in Milwaukee to take charge of the branch office of his brother, who is in the real estate business in that city.

WANT MILITARY POST

Representative Buckman, Interested in Establishment of One at Walker with Garrison of about One Hundred Men.

Several times during the winter Representative Buckman talked with officials of the war department about the establishment of a military camp at Walker, Minn., with a garrison of fifty or a hundred infantrymen, says a Washington dispatch.

He progressed rather favorably while Secretary Root was in office, but after Mr. Taft took charge, other matters crowded this aside and nothing was done up to the time Buckman left Washington.

He will take the question up with the commanding officer of the department of Dakota during the summer.

Military officers, however, believe that, should an uprising occur—a remote possibility now—among Indians in northern Minnesota, troops can be sent there almost as quickly from Fort Snelling as from Walker.

The DISPATCH will be delivered at your door for 40 cents per month.

Can't Deceive Brainerd People Very Long—They Learn Quickly.

It is sometimes an easy matter to fool the public, but you can't keep it up very long. They are sure to find you out; and every time a man is fooled another skeptic is made. We are naturally skeptical when reading a published statement given by some stranger residing in a far-away place, but the circumstances are entirely different when home endorsement is presented. The testimony of local citizens renders deceit impossible. It is so easy for you to investigate. Read this case:

My husband bought a box of Doan's Kidney Pills at the nearest drug store and I started taking them. A Protest.

EDITORS DISPATCH:
I write these lines not from choice but from necessity. Silence is said to mean consent. After reading Rev. Mr. Knowles' views of the Sabbath I am unwilling that my silence shall be construed to mean acquiescence. He advocates the continental Sunday, the Sunday according to Mr. Knowles—very far from being the Sabbath according to the Bible.

"Remember the Sabbath day to keep it holy" is the unchanging obligation for black and white, old and young professional or amateur.

All lovers of the Christian Sabbath must be grieved to hear such sentiments as these expressed from a pulpit as Christian teaching.

One who loves the Sabbath of God and hates the continental Sunday of man.

THE ATLAS MILLS CHANGE OWNERSHIP

George Dielmann, of This City and Jos. Craig, of Princeton, Sell Their Interest

TO ST. PAUL GENTLEMAN

Mill will be Operated as of Yore But with Increased Capital Behind It

The Atlas Mills, of this city, changed ownership today. The deal has been pending for sometime but it was not consummated until this morning. Geo. Dielmann of this city and Joseph Craig, of Princeton, have sold their interest to a gentleman by the name of D. Oliver, of St. Paul. Mr. Oliver is a man of wealth and is a practical miller and will come to Brainerd to live with his family. The consideration is said to have been \$15,000.

To a DISPATCH reporter Mr. Dielmann said this afternoon: "The mills are in good hands as Mr. Oliver is a thorough miller of 30 years experience and he will keep up the good reputation that the flour has attained here. We feel very grateful to the merchants of the city and the people of Brainerd for the support they have given us in helping to introduce our flour and I am sure that Mr. Oliver will deserve and appreciate a continuance of this good will."

As soon as the affairs of the old management are closed up Mr. Dielmann, who has had charge of the mills since they opened, will return to his old home in Milwaukee to take charge of the branch office of his brother, who is in the real estate business in that city.

WANT MILITARY POST

Representative Buckman Interested in Establishment of One at Walker with Garrison of about One Hundred Men.

Several times during the winter Representative Buckman talked with officials of the war department about the establishment of a military camp at Walker, Minn., with a garrison of fifty or a hundred infantrymen, says a Washington dispatch.

He progressed rather favorably while Secretary Root was in office, but after Mr. Taft took charge, other matters crowded this aside and nothing was done up to the time Buckman left Washington.

He will take the question up with the commanding officer of the department of Dakota during the summer.

Military officers, however, believe that, should an uprising occur—a remote possibility now—among Indians in northern Minnesota, troops can be sent there almost as quickly from Fort Snelling as from Walker.

The DISPATCH will be delivered at your door for 40 cents per month.

CAN'T KEEP IT UP.

Can't Deceive Brainerd People Very Long—They Learn Quickly.

It is sometimes an easy matter to fool the public, but you can't keep it up very long. They are sure to find you out; and every time a man is fooled another skeptic is made. We are naturally skeptical when reading a published statement given by some stranger residing in a far away place, but the circumstances are entirely different when home endorsement is presented. The testimony of local citizens renders deceit impossible. It is so easy for you to investigate. Read this case:

Mrs. Moses Derocher of 127, 7th street south says: "Low down in the small part of my back there was a pain, very distressing by spells, becoming much worse and causing me discomfort, to say the least. My husband bought a box of Doan's Kidney Pills at the nearest drug store and I started taking them. The medicines I had used failed to help me but I can truthfully bear witness that Doan's Kidney Pills relieved my backache entirely and corrected a disorder of the kidneys which accompanied the backache."

COUNTY COMMISSIONERS

Proceedings of the Board of County Commissioners. Meeting Held May 3rd, 1904.

Board met in special session at 2 o'clock p. m., to consider petitions for the establishment of ditches numbered 1 and 2, all members being present.

On reading the petition of G. W. Holland and others for the establishment of ditch No. 1, Commissioner Erickson offered the following resolution and moved its adoption:

Whereas, a petition bearing date the 3rd day of February 1904, signed by G. W. Holland and A. Mahlum, praying for the establishment of a certain ditch in said county, the route of which is more fully described in said petition, and a proper bond accompanying the same have been filed with the county auditor of said county, as by law required, and whereas, it appears by satisfactory proof to the board of county commissioners, of Crow Wing county, that due notice of the pending of said petition, and the time and place at which the same would be heard, has been given as required by law.

Now, therefore, we, the board of county commissioners, of said county, at a special session held this day, do hereby appoint J. F. Bartlett as a competent and experienced engineer to make an accurate survey of the line of said ditch from its source to its outlet as provided and specified in and by chapter 258 of the general laws of 1901, as amended by chapter 38 general laws of 1902, and after completing his duties as such engineer to make and file his report with the county auditor of said county, on or before the 16th day of May 1904.

Whereupon said resolution was adopted by a unanimous vote.

On reading the petition of Robert Potter and others for the establishment of ditch No. 2, Commissioner Erickson also offered the following resolution and moved its adoption.

Whereas a petition bearing date the 18th day of March 1904, signed by Robert Potter, Wm. Gildart, Nalbert LaFond, H. M. Bouck, P. E. Gelow, Romald LaFlamm, Paul Pepin, Oresine Vanasse, S. A. and A. R. Lindberg and Peter Dechene praying for the establishment of a certain ditch in said county, the route of which is more fully described in said petition, and a proper bond accompanying the same, have been filed with the county auditor of said county, as by law required.

And whereas, it appears by satisfactory proofs to the board of county commissioners of Crow Wing county, that due notice of the pending of said petition, and the time and place at which the same would be heard, has been given as required by law.

Now therefore, we the board of county commissioners of said county at a special session held this day, do hereby appoint J. F. Bartlett as a competent and experienced engineer to make an accurate survey of the line of said ditch from its source to its outlet, as provided and specified in and by chapter 258 of the general laws of 1901 as amended by chapter 38 general laws of 1902, and after completing his duties as such engineer to make and file his report with the county auditor of said county, on or before the 28th day of May 1904.

Said resolution was thereupon adopted by a unanimous vote.

HITCH IN LIBRARY PROCEEDINGS

Meeting of the Library Board Held Last Night to Meet Architect Church

CLAIM THERE IS DEFECT IN WALL

And the Work Will Have to be Done Over Again—Another Meeting Tonight.

There was a meeting of the Brainerd Public Library board last night in the library rooms and it had to do with a very important matter which has come up in connection with the erection of the new Carnegie library in this city. It seems that the foundation which was partially put in last fall, is not, according to the beliefs of some of the members of the board, in accordance with the specifications. These facts got to the ear of Architect Church, of Minneapolis, who drew the plans and he was here yesterday and was present at the meeting last night. The building committee, Architect Church and several stone masons, together with Contractor Rowley, met at the library site this morning and went over the work.

The result of this investigation will not be known until the building committee meets with the full board this evening. Architect Church stated that he would have a statement to give out to the public in a few days, but had nothing to say for publication today. Contractor Rowley is also interested to see the matter righted and will be present at the meeting tonight.

ARRESTED ON SERIOUS CHARGE

Deputy Sheriff Winters Nabbed Henry Britton Last Night. Wanted at Grand Forks for Rape.

Henry Britton, who has been conducting a shooting gallery on Laurel street, was arrested last night by Deputy Sheriff Winters on a telegram from Sheriff Turner, of Grand Forks, N. D. It is understood that there is a warrant for Britton for rape. He will probably be taken to Grand Forks tomorrow morning. He is well known in this city.

WHY THEY PUSH IT

H. P. Dunn & Co. Recommend and Push

Mi-o-na, the Dyspepsia Remedy.

"It's a pleasure to sell a medicine when our customers come in afterwards and tell us how much good it has done them," said H. P. Dunn, the popular druggist, to a Dispatch man, "and that is why we like to sell and recommend Mi-o-na, the dyspepsia remedy. "We have so much faith in this article that we are going to guarantee it in the future, and will return the money to any purchaser of Mi-o-na whom it does not cure. That may seem rash but our customers have said so many good words in its favor that we do not expect to have many packages returned.

"Any one who has dyspepsia, whose food does not digest well, who has to take thought as to what he can eat, and when, can leave 50 cents on deposit at our store and take home a box of Mi-o-na and if the remedy does not regulate his digestion and cure his dyspepsia, he can withdraw his money on returning the empty box."

This shows great faith in the merit of Mi-o-na. It is really a most unusual medicine and the rapid increase in sales since H. P. Dunn & Co. introduced it in Brainerd shows that it does all that it claims to do—cure dyspepsia, regulate digestion and enables those who use it to eat just what they want and when they want with no fear of trouble.

MUSIC AND DRAMA.

THE BACHELOR MAIDS' MINSTRELS.

Seats will go on sale tomorrow morning for the biggest event in the musical line that has been seen in Brainerd in a long time. The Bachelor Maids will be seen in their big minstrel performance at the Brainerd opera house on the night following, Friday evening, and as the time draws nigh there is much interest being shown.

For the first part there will be the usual circle numbers with Miss Onolee McCullough as interlocutor. Miss Lillian Koop and Miss Edna Clouston will manipulate the bones and at the other end of the line Miss Clotilda McCullough and Miss Genevieve Bush will hold the fort. Little Miss Myra Drysdale and Master Werner Hemstead will do the honors as attendants. Among those who will take part in the performance will be the following: Misses Vera Nevers, Inez Jordan, Isla McColl, Carrie Morrison, Edna Stickney, Corna Stickney, Kitty Johnson, Maude Davis, Nellie Alderman, Winnie Smith, Vivian Reilly, Rose Poppenberg, Jessie Davis, Ethel Parker, Irene Lowey, Ella Parker, Flo Halsted, Julia Hoffbauer, Mayme Quinn, Ada Pierce, Ethel Hill, Ida McGinnis and Mrs. Rosa Parker. The second part will include a burlesque in one act, "That's How Its Done on the Stage" and many other interesting features.

SECOND ANNUAL FESTIVAL CONCERT.

The pupils of the St. Benedict Sisters will give their second annual festival concert at the opera house, on the evening of May 17th. An elaborate musical program is in preparation and no doubt patrons and friends will manifest, by a large attendance, the same interest and appreciation as on former occasions.

PIANO QUARTETTE.

The Piano Quartette, of this city, composed of Mrs. W. A. M. Johnstone, Miss Theresa Schultz, Miss Jennie Mysen and Miss Georgia Horn, will give a concert Monday evening, May 10, at the First Congregational church. A fine programme will be rendered, including eight hand selections, duet by two pianos and solos that have been previously announced. The quartette has given special attention to selecting and preparing each number of the program and a rare musical treat will be given to all lovers of music of this city and vicinity.

These days so rapid is the pace, The men of action win the race, And if the finish you would see Go take some Rocky Mountain Tea. 35 cents. H. P. Dunn & Co.

Swartz and Walters, and they are working on these claims to-day and will probably be adjusted before night.

Whereupon said resolution was adopted by a unanimous vote.

On reading the petition of Robert Potter and others for the establishment of ditch No. 2, Commissioner Erickson also offered the following resolution and moved its adoption.

Whereas a petition bearing date the 18th day of March 1904, signed by Robert Potter, Wm. Gildart, Nalbert LaFond, H. M. Bouck, P. E. Gelow, Ronald LaFlamm, Paul Pepin, Oresine Vanasse, S. A. and A. R. Lindberg and Peter Dechene praying for the establishment of a certain ditch in said county, the route of which is more fully described in said petition, and a proper bond accompanying the same, have been filed with the county auditor of said county, as by law required.

And whereas, it appears by satisfactory proofs to the board of county commissioners of Crow Wing county, that due notice of the pending of said petition, and the time and place at which the same would be heard, has been given as required by law.

Now therefore, we the board of county commissioners of said county at a special session held this day, do hereby appoint J. F. Bartlett as a competent and experienced engineer to make an accurate survey of the line of said ditch from its source to its outlet, as provided and specified in and by chapter 258 of the general laws of 1901 as amended by chapter 38 general laws of 1902, and after completing his duties as such engineer to make and file his report with the county auditor of said county, on or before the 25th day of May 1904.

Said resolution was thereupon adopted by a unanimous vote.

Board adjourned sine die.

HITCH IN LIBRARY PROCEEDINGS

Meeting of the Library Board Held Last Night to Meet Architect Church

CLAIM THERE IS DEFECT IN WALL

And the Work Will Have to be Done Over Again—Another Meeting Tonight.

There was a meeting of the Brainerd Public Library board last night in the library rooms and it had to do with a very important matter which has come up in connection with the erection of the new Carnegie library in this city. It seems that the foundation which was partially put in last fall, is not, according to the beliefs of some of the members of the board, in accordance with the specifications. These facts got to the ear of Architect Church, of Minneapolis, who drew the plans and he was here yesterday and was present at the meeting last night. The building committee, Architect Church and several stone masons, together with Contractor Rowley, met at the library site this morning and went over the work.

The result of this investigation will not be known until the building committee meets with the full board this evening. Architect Church stated that he would have a statement to give out to the public in a few days, but had nothing to say for publication today. Contractor Rowley is also interested to see the matter righted and will be present at the meeting tonight.

WHY THEY PUSH IT

H. P. Dunn & Co. Recommend and Push Mi-o-na, the Dyspepsia Remedy.

"It's a pleasure to sell a medicine when our customers come in afterwards and tell us how much good it has done them," said H. P. Dunn, the popular druggist, to a Dispatch man, "and that is why we like to sell and recommend Mi-o-na, the dyspepsia remedy."

"We have so much faith in this article that we are going to guarantee it in the future, and will return the money to any purchaser of Mi-o-na whom it does not cure. That may seem rash but our customers have said so many good words in its favor that we do not expect to have many packages returned."

"Any one who has dyspepsia, whose food does not digest well, who has to take thought as to what he can eat, and when, can leave 50 cents on deposit at our store and take home a box of Mi-o-na and if the remedy does not regulate his digestion and cure his dyspepsia, he can withdraw his money on returning the empty box."

This shows great faith in the merit of Mi-o-na. It is really a most unusual medicine and the rapid increase in sales since H. P. Dunn & Co. introduced it in Brainerd shows that it does all that it claims to do—cure dyspepsia, regulate digestion and enables those who use it to eat just what they want, and when they want with no fear of trouble.

SECOND ANNUAL FESTIVAL CONCERT.

The pupils of the St. Benedict sisters will give their second annual festival concert at the opera house, on the evening of May 17th. An elaborate musical program is in preparation and no doubt patrons and friends will manifest, by a large attendance, the same interest and appreciation as on former occasions.

PIANO QUARTETTE.

The Piano Quartette, of this city, composed of Mrs. W. A. M. Johnstone, Miss Theresa Schultz, Miss Jennie Myesen and Miss Georgia Horn, will give a concert Monday evening, May 16, at the First Congregational church. A fine programme will be rendered, including eight hand selections, duet by two pianos and solos that have been previously announced. The quartette has given special attention to selecting and preparing each number of the program and a rare musical treat will be given to all lovers of music of this city and vicinity.

These days so rapid is the pace, The men of action win the race, And if the finish you would see Go take some Rocky Mountain Tea. 35 cents. H. P. Dunn & Co.

NEARLY ALL ADJUSTED.

Fire Insurance Adjusters Have Been Busy in the City This Week—Work is About Completed.

The fire insurance adjusters have been in Brainerd nearly all the week looking after the losses as a result of the recent fire in the Hartley block. The adjusters have been very prompt and the result is that the task is now complete. All those who sustained losses have been settled with except Messrs. Swartz and Walters, and they are working on these claims to-day and will probably be adjusted before night.

PLANK ON THE TARIFF

WILL BE PRINCIPAL FEATURE
OF THE PROPOSED REPUB-
LICAN PLATFORM.

PRINCIPLES OF PROTECTION

WHILE FAVORED, THE PARTY
WILL NOT BE BOUND NOT
TO REVISE TARIFF.

Washington, May 4.—The platform to be adopted by the Republican national convention has been among the topics discussed at the conferences which have taken place recently at the White House, in committee rooms at the Capitol and at different residences where a number of Republicans have been assembled. Senator Lodge, who is slated for chairman of the committee on resolutions at the convention, has prepared preliminary sketches of various topics and has submitted them to senators and others for their approval or suggestion as to amendment. Before the convention meets a complete platform will probably be prepared which will have the approval of the president.

The principal feature of the platform will be the tariff plank, which will declare in the strongest terms the adherence of the Republican party to the principles of protection, but will not bind the party not to revise the tariff. It will see that the party is not committed to any schedule, but that changes should be made only when changed conditions of business or the treasury render it necessary or available. It has been agreed that the tariff will be revised in the Fifty-ninth congress if the Republicans win in November. The platform will be as brief as possible. It will declare against trusts, denounce negro disfranchisement in the South, favor the gold standard and merchant marine. The reciprocity plank is one that is bothering the platform framers and its phraseology is the subject of anxious discussion.

WORLD'S FAIR ATTENDANCE.

President Francis Announces That for the Opening Day.

St. Louis, May 4.—The total attendance at the Louisiana Purchase exposition on the opening day, April 30, 1904, was officially announced last night by President Francis as 187,793 persons. Of this number 178,423 were recorded admissions.

The total number of admissions on the opening day of the Columbia exposition at Chicago was 137,557.

Director of Exhibits F. J. V. Skiff announces that the chiefs of the different divisions have stated that all the exhibits in the different palaces will be installed by May 12. On the afternoon of May 12 a formal tour of inspection of the buildings will be made by President Francis and other officials.

The board of lady managers began a session Tuesday that will last all week to dispose of business matters. Requests for \$5,000 for a day nursery and \$4,000 for tents for religious meetings were refused.

The states whose exhibits are complete are Colorado, Connecticut, Kentucky, Wisconsin, Iowa, Minnesota, New York, Tennessee, Virginia and New Jersey.

The foreign exhibits complete are Great Britain and Sweden. Minnesota has made a feature of the water color work of the lower school grades, Iowa of its manual training and chart work, Wisconsin of the lace work of the inmates of the home for feeble-minded people.

A reception was tendered last night to the exposition officials by the Connecticut world's fair commissioners at the Connecticut building, being the first given in any of the state buildings.

ANTI-JEWISH RIOTS.

Cossacks Called Out to Restore Order at Bender.

Vienna, May 4.—Reports are current here that there was serious anti-Jewish riots in the Bessarabian town of Bender, April 30. It is stated that rioting began Saturday forenoon while the congregations were in the synagogue. The mob smashed the windows of houses in the Jewish quarter, entered the houses and threw women and children out of the windows. A girl was murdered in a most revolting manner, the reports say. Cossacks were sent to restore order. The outbreak is said to have been due to the anger of the crowd over Russian reverses in the far East. These reports lack official confirmation.

Northwestern Midshipmen.

Annapolis, Md., May 4.—The naval academy authorities have announced names of candidates who were successful in the recent examination for admission to the naval school as midshipmen. They include N. W. Batzer, D. L. Brown, Minnesota; C. E. Dreutzer, Wisconsin; H. B. Hind, South Dakota; H. M. Lammer, Minnesota; H. E. Leahy, Wisconsin; H. P. Leclair, Wisconsin; J. S. McLain, E. W. McKee, South Dakota; F. C. Meyer, Wisconsin; M. C. Pigott, Montana; L. J. Pourtales, Minnesota.

Ore Association Dissolved.

Cleveland, O., May 4.—The Bessemer Ore association, which has for a number of years past fixed the selling price of Lake Superior ores, has practically ceased to exist. The members of the association met here, conferred, could not agree and dissolved the association.

Woman Shoots a Bandit.

Eureka Springs, Ark., May 4.—Mrs. Rena Rhiel fired both barrels of a shotgun into a highwayman as he stood on her porch Tuesday waiting for her to deliver up her cash and valuables. The man fell at the first shot, but managed to get away.

STRIKING A BARGAIN.

A Coze Where Mere Money Did Not Cut Much of a Figure.

"Several years ago there was a boom in certain lands in Florida because of rich phosphate deposits," said a southern man. "A speculator asked one of those simple Florida folk what would be the lowest price he would take for some land which before the boom he had been unable to sell for \$500. The owner really didn't know. The speculator agreed to deposit in bank \$10,000 to the owner's credit for the land. But this amount of money in bank didn't mean very much to the native.

"He said he wanted a farm of sixty acres with a house on it, the whole to cost a few hundred.

"What else?" asked the speculator.

"Can I have a horse and saddle and bridle?"

"Certainly."

"And a rifle?"

"Yes."

"And some provisions?"

"Yes."

"The eyes of the native began to bulge. There was a pause.

"What else do you want?" asked the speculator.

"Oh, give me \$50 for the old woman to buy things for herself and children."

"He then started to walk away.

"What else?" asked the speculator.

"Is there more yet?"

"Yes."

"Well, give me a plug of tobacco and set me down where the fish will bite all day, and you can have the rest."—Baltimore Sun.

POE AND POVERTY.

The Poet Was Born to Need and Left It as a Legacy.

According to Charles Marshall Graves, writing in the Century, the poet Poe was two years old when his mother, a gifted actress, was living in Richmond in the direct way.

Mrs. Poe's last stage appearance was in the Richmond theater in October, 1811. The theater burned on Dec. 26, and seventy-eight people perished with it. Poe's father had died in the spring, and Mrs. Poe and the baby poet and his younger sister went to live on Main street, in the Bird in Hand region, in a tenement cellar perpetually wet by the Shockoe creek, which then flowed through the middle of the street. Here the wretched woman contracted pneumonia and died. And from the cellar the future poet, described as a "baby skeleton," was rescued by Mr. Allan.

Sixty years and more later Rosalie Poe, the poet's younger sister, appeared on Richmond streets in poverty as bitter as her mother's had been to get a few coins by selling photographs of her brother.

The man who was perhaps America's greatest poet and certainly one of the few poets who have vitally influenced the literary art both in prose and verse was born into the most wretched poverty and left need as keen behind him.

Forgot His Own Tongue.

A traveler in arctic Siberia, Mr. Vanderlip, a gold hunter, told the following of his return to civilization: "I found that half a dozen of the officers and men of the steamer which my employers had sent for me had come to hunt me up. The captain dismounted, and I tried to address him in Russian, but he said, 'You forget that I speak English.' Now, it may seem scarcely credible, and yet it is true, that for a few moments I was totally unable to converse with him in my native tongue. I had not used a word of it in conversation for months, and my low physical condition acting on my nerves confused my mind, and I spoke a jumble of English, Russian and Korak. It was a week before I could talk good, straight English again."

Hard to Move in Russia.

An American wished to move from the Hotel Europe, the principal hotel in St. Petersburg, to a smaller hotel around the corner. He came down with his bag packed ready to go. "Sorry," said the manager, "but you cannot leave this hotel or register at another hotel until we get your passport from the police, and that will take a day and a night. You must go through exactly the same procedure as if you were leaving the country."—World's Work.

Mending Amber.

To mend amber requires a certain amount of care, though the process is a simple one. Apply some linseed oil to the broken edges, and then hold the oiled parts over a gas jet, covering the rest of the amber meanwhile with a cloth. As soon as the oiled parts become sticky with the heat press the edges which are to be united together and hold them very carefully till cold.

The Medicine That Cures.
RENO, OKLA., May 11, 1903.

Wine of Cardui absolutely does cure sick women. I consider it the most valuable medicine, and it is the cheapest cure any sick woman can use. As it takes a rule, only a few bottles to effect a complete and lasting cure. I especially recommend it for uterine or ovarian troubles, inflammation and ulceration, painful, profuse or scanty menstruation and it is a most valuable adjunct to use during the gestative period, insuring easy childbirth and speedy recovery.

It should have a place in every home as it is a true friend to wife, mother and maiden and I most heartily recommend it.

Dr. E. Buchanan
WRITER AND LECTURER.

Dr. Mrs. Buchanan is an authority on the science of medicine and certainly appreciates the great work physicians are doing for the relief of sufferers. But this does not deter her from expressing her views in praise of Wine of Cardui.

Mrs. Buchanan's high intelligence and long and successful experience render her advice of great value. Wine of Cardui regulates menstruation, cures bearing-down pains and relieves suffering women of the pain and misery to which their sex is heir. You have the word of Dr. Buchanan and thousands of other eminent women that Wine of Cardui will completely cure you.

PLANK ON THE TARIFF

WILL BE PRINCIPAL FEATURE OF THE PROPOSED REPUBLICAN PLATFORM.

PRINCIPLES OF PROTECTION WHILE FAVORED, THE PARTY WILL NOT BE BOUND NOT TO REVISE TARIFF.

Washington, May 4.—The platform to be adopted by the Republican national convention has been among the topics discussed at the conferences which have taken place recently at the White House, in committee rooms at the Capitol and at different residences where a number of Republicans have been assembled. Senator Lodge, who is slated for chairman of the committee on resolutions at the convention, has prepared preliminary sketches of various topics and has submitted them to senators and others for their approval or suggestion as to amendment. Before the convention meets a complete platform will probably be prepared which will have the approval of the president.

The principal feature of the platform will be the tariff plank, which will declare in the strongest terms the adherence of the Republican party to the principles of protection, but will not bind the party not to revise the tariff.

It will see that the party is not committed to any schedule, but that changes should be made only when changed conditions of business or the treasury render it necessary or available. It has been agreed that the tariff will be revised in the Fifty-ninth congress if the Republicans win in November. The platform will be as brief as possible. It will declare against trusts, denounce negro disfranchisement in the South, favor the gold standard and merchant marine. The reciprocity plank is one that is bothering the platform framers and its phraseology is the subject of anxious discussion.

WORLD'S FAIR ATTENDANCE.

President Francis Announces That for the Opening Day.

St. Louis, May 4.—The total attendance at the Louisiana Purchase exposition on the opening day, April 30, 1904, was officially announced last night by President Francis as 187,793 persons. Of this number 178,423 were recorded admissions.

The total number of admissions on the opening day of the Columbia exposition at Chicago was 137,557.

Director of Exhibits F. J. V. Skiff announces that the chiefs of the different divisions have stated that all the exhibits in the different palaces will be installed by May 12. On the afternoon of May 12 a formal tour of inspection of the buildings will be made by President Francis and other officials.

The board of lady managers began a session Tuesday that will last all week to dispose of business matters. Requests for \$5,000 for a day nursery and \$4,000 for tents for religious meetings were refused.

The states whose exhibits are complete are Colorado, Connecticut, Kentucky, Wisconsin, Iowa, Minnesota, New York, Tennessee, Virginia and New Jersey.

The foreign exhibits complete are Great Britain and Sweden. Minnesota has made a feature of the water color work of the lower school grades, Iowa of its manual training and chart work, Wisconsin of the lace work of the inmates of the home for feeble-minded people.

A reception was tendered last night to the exposition officials by the Connecticut world's fair commissioners at the Connecticut building, being the first given in any of the state buildings.

ANTI-JEWISH RIOTS.

Cossacks Called Out to Restore Order at Bender.

Vienna, May 4.—Reports are current here that there was serious anti-Jewish riots in the Bessarabian town of Bender, April 30. It is stated that rioting began Saturday forenoon when the congregations were in the synagogue. The mob smashed the windows of houses in the Jewish quarter, entered the houses and threw women and children out of the windows. A girl was murdered in a most revolting manner, the reports say. Cossacks were sent to restore order. The outbreak is said to have been due to the anger of the crowd over Russian reverses in the far East. These reports lack official confirmation.

Northwestern Midshipmen.

Annapolis, Md., May 4.—The naval academy authorities have announced names of candidates who were successful in the recent examination for admission to the naval school as midshipmen. They include N. W. Batzer, D. L. Brown, Minnesota; C. E. Dreyer, Wisconsin; H. B. Hind, South Dakota; H. M. Lammer, Minnesota; H. E. Leahy, Wisconsin; H. P. Leclair, Wisconsin; J. S. McLain, E. W. McKee, South Dakota; F. C. Meyer, Wisconsin; M. C. Pigott, Montana; L. J. Pourtales, Minnesota.

Ore Association Dissolved.

Cleveland, O., May 4.—The Bessemer Ore association, which has for a number of years past fixed the selling price of Lake Superior ores, has practically ceased to exist. The members of the association met here, conferred, could not agree and dissolved the association.

Woman Shoots a Bandit.
Eureka Springs, Ark., May 4.—Mrs. Rena Rhel fired both barrels of a shotgun into a highwayman as he stood on her porch Tuesday waiting for her to deliver up her cash and valuables. The man fell at the first shot, but managed to get away.

STRIKING A BARGAIN.

A Case Where Mere Money Did Not Cut Much of a Figure.

"Several years ago there was a boom in certain lands in Florida because of rich phosphate deposits," said a southern man. "A speculator asked one of those simple Florida folk what would be the lowest price he would take for some land which before the boom he had been unable to sell for \$500. The owner really didn't know. The speculator agreed to deposit in bank \$10,000 to the owner's credit for the land. But this amount of money in bank didn't mean very much to the native.

"He said he wanted a farm of sixty acres with a house on it, the whole to cost a few hundred.

"What else?" asked the speculator.

"Can I have a horse and saddle and bridle?"

"Certainly."

"And a rifle?"

"Yes."

"And some provisions?"

"Yes."

"The eyes of the native began to bulge. There was a pause.

"What else do you want?" asked the speculator.

"Oh, give me \$50 for the old woman to buy things for herself and children."

"He then started to walk away.

"What else?" asked the speculator.

"Is there more yet?"

"Yes."

"Well, give me a plug of tobacco and set me down where the fish will bite all day, and you can have the rest."—Baltimore Sun.

POE AND POVERTY.

The Poet Was Born to Need and Left It as a Legacy.

According to Charles Marshall Graves, writing in the Century, the poet Poe was two years old when his mother, a gifted actress, was living in Richmond in the direst want.

Mrs. Poe's last stage appearance was in the Richmond theater in October, 1811. The theater burned on Dec. 26, and seventy-eight people perished with it. Poe's father had died in the spring, and Mrs. Poe and the baby poet and his younger sister went to live on Main street, in the Bird in Hand region, in a tenement cellar perpetually wet by the Shockoe creek, which then flowed through the middle of the street. Here the wretched woman contracted pneumonia and died. And from the cellar the future poet, described as a "baby skeleton," was rescued by Mr. Allan.

Sixty years and more later Rosalie Poe, the poet's younger sister, appeared on Richmond streets in poverty as bitter as her mother's had been to get a few coins by selling photographs of her brother.

The man who was perhaps America's greatest poet and certainly one of the few poets who have vitally influenced the literary art both in prose and verse was born into the most wretched poverty and left need as keen behind him.

Forgot His Own Tongue.

A traveler in arctic Siberia, Mr. Vanderlip, a gold hunter, told the following of his return to civilization: "I found that half a dozen of the officers and men of the steamer which my employers had sent for me had come to hunt me up. The captain dismounted, and I tried to address him in Russian, but he said, 'You forget that I speak English.' Now, it may seem scarcely credible, and yet it is true, that for a few moments I was totally unable to converse with him in my native tongue. I had not used a word of it in conversation for months, and my low physical condition acting on my nerves confused my mind, and I spoke a jumble of English, Russian and Korak. It was a week before I could talk good, straight English again."

Hard to Move in Russia.

An American wished to move from the Hotel Europe, the principal hotel in St. Petersburg, to a smaller hotel around the corner. He came down with his bag packed ready to go. "Sorry," said the manager, "but you cannot leave this hotel register at another hotel until we get your passport from the police, and that will take a day and a night. You must go through exactly the same procedure as if you were leaving the country."—World's Work.

Mending Amber.

To mend amber requires a certain amount of care, though the process is a simple one. Apply some linseed oil to the broken edges, and then hold the oiled parts over a gas jet, covering the rest of the amber meanwhile with a cloth. As soon as the oiled parts become sticky with the heat press the edges which are to be united together and hold them very carefully till cold.

Amending the Notice.

The mistress of a very dirty lodging house posted at the entrance this notice: "Visitors will please wipe their feet." After inspecting the apartment one visitor added to the notice "on going out."—Farm Journal.

Some men are no bigger than their bluff, and when that's called they are nothing.—Schoolmaster.

The Medicine That Cures.

RENO, OKLA., May 11, 1903.

Wine of Cardui absolutely does cure sick women. I consider it the most valuable medicine, and it is the cheapest cure any sick woman can use, as it takes as a rule, only a few bottles to effect a complete and lasting cure. I especially recommend it for uterine or ovarian troubles, inflammation and ulceration, painful, profuse or scanty menstruation and it is a most valuable adjunct to use during the gestative period, insuring easy childbirth and speedy recovery.

It should have a place in every home as it is a true friend to wife, mother and maiden and I most heartily recommend it.

Dr. E. Buchanan
WRITER AND LECTURER.

Dr. Mrs. Buchanan is an authority on the science of medicine and certainly appreciates the great work physicians are doing for the relief of sufferers. But this does not deter her from expressing her views in praise of Wine of Cardui.

Mrs. Buchanan's high intelligence and long and successful experience render her advice of great value. Wine of Cardui regulates menstruation, cures bearing-down pains and relieves suffering women of the pain and misery to which their sex is heir. You have the word of Dr. Buchanan and thousands of other eminent women that Wine of Cardui will completely cure you.

All druggists sell \$1.00 bottles Wine of Cardui.
